

OER @ DHBW

Fiona Schmidbauer, DHBW Karlsruhe

with contributions from Sonja Philipp, DHBW Mosbach
and Prof. Dr. Ulf-Daniel Ehlers, DHBW Karlsruhe

EDEN NAP Webinar – December 7, 2022

Short facts about the DHBW

12 locations in Baden-Württemberg

9 study academies and 3 campuses

35,000 students

in Baden-Württemberg

6,500 lecturers

Experts from the field

2,000 employees

Professors, scientific and academic staff

Short facts about the DHBW

Nationwide at the top

Around 10,000 graduates per year

Large alumni network

Over 200,000 students who have successfully completed their studies

Around 9,000 strong 'dual partners'

For a successful 'dual study' model

Diverse range of study programmes

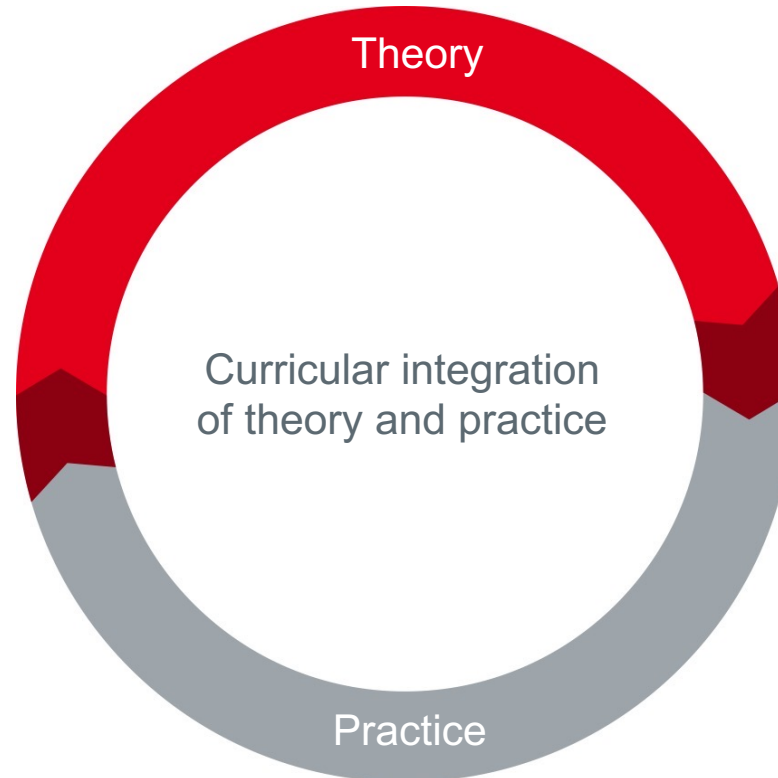

More than 25 Bachelor's degree programmes on around 100 fields of study as well as career-integrating, postgraduate Master's degree programmes

Dual study: Theory and practice

Theoretical knowledge

Three months of intensive study at one of the 12 DHBW locations

Practical experience

Three months of practical qualification at one of the approximately 9,000 cooperating companies or social and health-related institutions

History of the DHBW

1974

Founding of the
„Berufsakademie
Baden-Württemberg“
(BA)

1981

Completion start-up phase -
the Berufsakademie has
eight locations

The Berufsakademie has
50,000 graduates

2000

2009

Founding of the
„Duale Hochschule Baden-
Württemberg“ (DHBW)

System accreditation of the DHBW
(Bachelor degrees)

2011

Founding of the DHBW
Center for Advanced Studies
(Master degrees)

OER Milestones @ DHBW

Founding DHBW

2009

DHBW
Open Learning

Founding „HND-BW“

2014

ZOERR
oerbw.de

Strategic framework for
the digitalization of
learning and teaching

2016

Organisational anchorage of OER

„Projekt Z“

2017

„EdCon“

2021

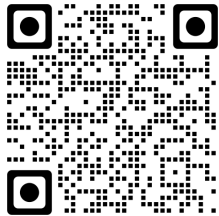

Network of all stakeholders
contributing to innovative
teaching and learning

Established OER
structures and resources

OER Projects @ DHBW

- EdCon
- Projekt Z
- DEAL
- DigikoS
- iShare
- ENCORE+

Established OER structures

- Online courses available as OER (e.g. on scientific work)
- Qualification trainings for OER producers and users (e.g. copyright training)
- Moodle course on OER
- Cross-location learning platform (still in progress)
- Copyright café (for OER creators)
- Legal FAQ
- Education Competence Centers (ECC)
→ „*ECC Open Educational Resources*“, *DHBW Mosbach*
- (Net-)working with German-speaking OER resources/networks (e.g. ZOERR, twillo)

Embedding OER in the DHBW

Embedding OER in the organization

- **Establish contact and networking points (ECCs)**
 - Feed OER into committees
 - Identify existing and future OER stakeholders

- **Use existing networks to reach teachers interested in innovative teaching-learning theme**
 - Mentors, multipliers
 - Building 'lighthouses'

- **Understand OER/Open as change *process***
 - Try to evoke culture change
 - Connect OER to culture change towards 'Digital'

Thank you!
